beaded vinyl siding

1. unique Posilok® locking system

2. full-thickness nailing hem and burr-free nail slots

3. .048"-gauge vacuum-sized profiles

4. enhanced shadow lines

1. Posilok® locking system securely engages panels yet allows for expansion and contraction—which is critical across extreme weather conditions
2. Full-thickness nailing hem adds strength where the panel is attached to the wall, resisting wind loads and helping to smooth wall irregularities. Smooth surface nailing hem with burr-free nail slots helps increase performance on the wall.

3. .048"-gauge vacuum-sized profiles ensure precise dimensional consistency for a snug fit and tight laps
4. Panel projection produces enhanced shadow lines

personality and style

Every home reflects personality. Expresses aesthetics. And intimates dreams. Beaded vinyl siding speaks of elegance. Inspiration. Interest in detail. In short: character. Designed to evoke the look of time-honored craftsmanship, it represents an homage to tradition. An iteration of things classic.

Refined. And yet rugged. Beaded vinyl siding offers old-style charm—without sacrificing modern convenience. Manufactured to the highest standards, it's built to withstand both the insult of extreme conditions and the trials of time. Look for painstaking attention to detail such as:

- Unique curved and beaded styling
- Specially formulated color that won't chip or peel and never needs painting
- Meets or exceeds the requirements of tests supported by the Vinyl Siding Institute, the leading authority in vinyl siding performance testing

a timeless woodgrain finish, with the romantic touch of soft, rounded edges

out of the ordinary

Style. Personality. Distinction. Turning a house into a home is all about the details. Classic looks. Romantic touches. Rustic charm. Traditional elegance. Our Finishing Elements™ accent pieces allow you to design an exterior that reflects your personal taste—while providing the maintenance-free quality and durability you expect from all Vytec vinyl siding products.

a proud legacy

The market is full of manufacturers who offer products that are similar in appearance and price to Vytec vinyl siding. But there's good reason why Vytec stands alone.

We're in the business of vinyl siding. Period. We deliver quality product—every time. We stand by our product—every time. And we look to improve our offerings—without exception.

Our single-minded pursuit of a better product yields superior results, and breakthrough technologies such as Posilok® and Gorilla-Lok® locking systems. Countless other refinements, and more to come. These are the legacy of a company dedicated to innovation. Both then—and now.

Vytec. We adhere to a higher standard.
